

SHORT THOR ML-TL

15-october-05 / updated 07-nov-07
 inspired by diyAudio.com
 designed by Scottmoose
 drawn by dld

NOTES:

- 1/ drawn with 3/4" (19mm) material
- 2/ 0.5 lbs / ft³ (8 g / litre). Stuff from the top to the half-way mark, or just past
- 3/ 3/3" D, 6" long port (75mm x 152mm)
- 4/ swiss cheese bracing as above.
- 5/ 3/4" (19mm) brace front-to-back couples the midbasses to the cabinet back, top, & side-to-side braces.
- 6/ side-to-side are irregularly spaced using golden ratio. Diagonal is even better
- 7/ port can be moved to the front or bottom
