

# SONY 2SK82 DATA

$P_{tot}$	95 Watts	
$V_{DS}$	200 Volts (I've also seen 240V)	
$T_j$	120° C max	
gm	500ms	
mu	4	
$I_D$	10 Amps	
<p>*I've never found an official complete SONY datasheet for the 2SK82. This is data I've gathered from the Internet, etc. So, all numbers should be taken with a pinch of salt. Nonetheless, this all seems reasonable based on observation.</p>
