

Subject: FW: Transformer T2681

Hi Murray

We have not supplied this part for many years and so to enable you to hopefully get some use from it , I am happy to confirm the specification as below :

Primary 1 5-0-100-110-120V 50/60Hz	brown – red – orange – yellow – green (all fitted with grey idents)
Primary 2 5-0-100-110-120V	brown – red – orange – yellow – green (all fitted with blue idents)
Interwinding screen	green/yellow
Secondary 1 0-35.4V 6.1A	blue - blue
Secondary 2 0-32.1V 13.5A	violet - violet
Secondary 3 0-20.6V 12.6A	white - white
Secondary 4 0-19.6V 7.2A	grey - grey
Secondary 5 0-18.9V 0.9A	black - black
Secondary 6 18-0-18V 0.9A	pink – white - pink
Secondary 7 0-32.1V 13.5A	red - red
Secondary 8 0-35.4V 6.1A	yellow - yellow
Secondary 9 0-11V 9A	blue - violet

I hope this provides the information you require and enables you to use the transformer min some capacity somewhere !!

Best Regards
