

Features:

- Proprietary One-Cycle Sound™ Control
- 114dBa dynamic Range
- THD+N < 0.05%, 0.1W to Rated Power (clip)
- Full range 20 to 20 kHz Bandwidth
- Efficiency > 90%
- Damping Factor > 100 @ 50Hz 4 Ohm
- DC offset < 50mV
- Remote Disable
- Compatible with P-500 Power Supply
- Temperature Protection and Monitor
- Power Supply Under Voltage Lockout
- Clip Indicator
- Signal Present Indicator
- Dimensions:
 inches: 3.8 x 4.05 x 0.9
 mm: 96 x 103 x 23

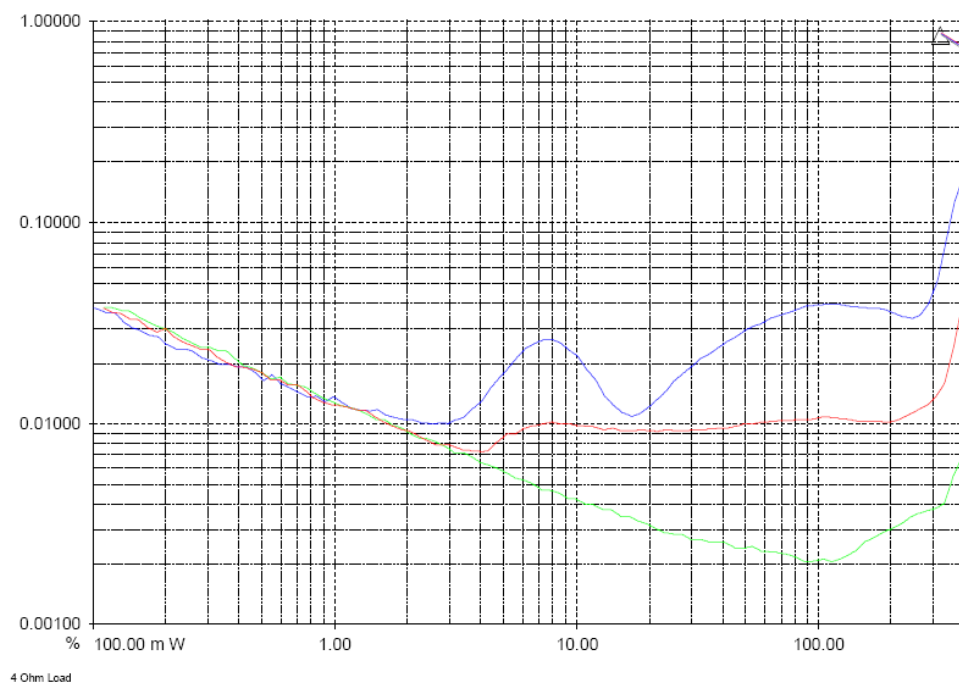

Product Description:

PowerPhysics proprietary One-Cycle Sound™ controls the A-404 and provides 400 Watts of audio power into 4 ohm speakers. The A-404 is used in professional and home audio full range powered speakers and subwoofers. Five A-404s or A-108s may share one P-500.

THD+N versus Power at 100Hz, 1kHz, 7kHz

Frequency Response at 8 Ohms
