Professional audio potentiometers

ALPS 27mm Dual Potentiometers

ALPS – the worlds premiere switch and potentiometer manufacturers are universally accepted as having one of the highest quality ranges available. Their 27mm Metallised Plastic Film Potentiometer is used by many of the worlds leading audio equipment manufacturers. The duel gang types that we stock offer a smooth feeling combined with very close tolerance gang-error and resistance taper. They are ideal for use as a master volume control in high quality audio circuits. All types have a plain 6mm round aluminium shaft and are supplied with a fixing nut and washer.
