300V

50R   1uF   ~500~   ~4.8~

.1uF   420R   560~ or bigger   16uF or large

470R   500~   470uF

560~   368V

Feedback Network #1

This is what I think was suggested. I do no see this being a great idea, although I have never tried this

A
B

12AT7 or 6V6?

A

Feedback #2

wouldn't this be better on the 6V6?

B

560~
