

G3H REVISION 1.1.2

2016.06.21

From DIYaudio.com message

Shortage:

DC main voltage=36V

Stereo mode to drive load, amp will blink when over 2X50W

Solution:

Decrease the main DC to 30V, no problems again

Method:

Change R17 resister to 1K8 0805 5% resister
