

LUXMAN

M02 (DUO BETA)

VEYSEL ARSLAN

2018

NOTES:

Give power before connecting the speaker, if you connect the speaker first and then power it up it will oscillate, or use speaker protect and (delay).

Zobel circuit not on pcb.

All 0.25w resistors carbon film , anothers metal film.

If you use volume pot (50k) use input resistor 470k.
