

Nmos350 Mk II

by Quasi

Transistors T7, T8, T10 & T11 must be mounted on small heatsinks.

T9 and T12 to T17 are mounted on the main heatsink

R24 to R29 are 5 watt ceramic types. R11 is a 1 watt type. R12 is a 2 watt type. All other resistors are 0.5 watt metal film.

All capacitors are 100v unless noted otherwise.
