Technical Document Distribution

Brand:	SAE	
Model	3200	
Product:	FM Tuner	
Description:	Service Schematic	Dated: 1979

Musicparts Document Number: 40608

TechTips: 0

Pages: 4

Hello,

Welcome to MusicParts.Com, Inc. your online resource for technical documents and service information. This PDF package may contain information, schematics, parts lists, images, engineering changes, previous versions, circuit descriptions, and many other unique features about the product you have chosen. This document was assembled from a variety of sources and is the result of our many years in the music repair business.

TECHTIPS: Unique to Musicparts documents are **TECHTIPS** located in critical areas on the schematics. They contain useful information about that area of the schematic such as common problems that we have found and recommended changes. Not all documents will have TechTips.

NOTE: Large original over-sized drawings will need to be taped together. We feel this is better than reducing them and losing fine details.

VIEWING: This document is utilizing PAGE-ON-DEMAND downloading. This will let you navigate to any page without waiting for the entire file to download.

PRINTING: For the best quality, we highly recommend that when the print dialog appears, please **make sure "SHRINK OVERSIZED PAGES " is checked.**, otherwise you may cut off the edge of the page. Also please stay online while printing this document to make sure you get all the pages.

Four Sheet Pasteup Guide

17x22" paper size

It's ok to slightly cut into the black print, as documents contain an intentional extended overlapping printed area.

Only four trim cuts are needed, then overlay as shown and tape
